In the proper column of today's pa-

per will be found the announcement of

Mr. Joe Ney for re-election to the

office of Tax Collector of Medina

County. His record as an official is

probably known to every voter in Me-

dina county, he long having been iden-

tified with the affairs of the county

to the satisfaction of the people. Look

up his announcement under the proper

heading.

The rains of the past week have

greatly improved conditions through-

out the country and have put new hope

in the hearts of our people. These

rains, following the ruin of the 5th of

April, has changed the country from a

brown, wintry aspect to a green, spring-

like appearance; crops that were dry-

planted are up or coming up, and while

there is some complaint of unsatisfac-

tory stands, it is probable this condition

will be somewhat improved by this rain.

The rain of last Monday amounted to

1.12 in the town; the precipitation

since Monday, including the .35 of an

inch of Thursday night and Friday

morning, brought the precipitation up

to 1.47 up to Friday morning. In other

parts of the county, particularly south-

west and south of town, the rain of last

Monday was much heavier than here,

some sections reporting as much as

three, four, five, one section as much

as six inches. To the north of town, as

far as we have been able to learn, the

fall was lighter than in other parts of

the county, but it is thought is suf-

ficient to bring up the crops and to justify

planting where that had been delayed

on account of the drouth. The weather

for the past week has ranged far

below normal, the government ther-

mo-meter registering as low as 52 de-

grees on Thursday morning. Cotton

needs warmer weather.

Rogers-Bandy.

Married, at Yancey, Texas, Satur-

day, April 27th, 1918, Rev. C. E.

Wheat, pastor of the Yancey Metho-

dist Church officiating, Mr. Bailey C.

Rogers and Miss Oma Bandy.

The groom is the son of Mr. and

Mrs. E. E. Rogers, is employed in the

office of the Southern Pacific depot

here, and has a large circle of acquaint-

ances in this part of the county.

The bride is one of the fair daugh-

ters of our neighboring town—Yancey

—and is universally esteemed by all

who know her for her many womanly

graces.

Mr. and Mrs. Rogers will make their

home here and we understand will oc-

cupy a suite of rooms over the Martin

Drug Store.

To the happy young couple the Anvil

Herald, in connection with a host of

other friends, offers congratulations

and best wishes for a long and joyous

wedded life.

The Honor Flag

HELP OUR COMMUNITY
TO WIN THE RIGHT
TO FLY THIS FLAG.

"Over the Top."

Three cheers for Medina county! The Third Liberty Loan Bond Sale has gone "over the top" and the honor flag will soon be proclaiming that fact to the world for Medina county has won the right to fly the flag.

Medina county's maximum allotment of the new loan was \$75,000; that amount has already been exceeded by \$2,500, and subscriptions are still rolling in. If anyone that can possibly do so has not yet subscribed for a bond we urge them to do so at once, and make the amount as great as possible. That old Medina has done herself proud in this matter goes without saying. With the hardest times pressing upon people ever known in the history of the county caused by one of the most disastrous drouths ever experienced they have again proved their loyalty to their government and their love for "Old Glory" by coming to the rescue and upholding the hands of our officials in the present crisis.

The thanks of our people are due to those who had this bond campaign in charge. They have worked ardently to make it a success, and they have every reason to feel gratified over the successful accomplishment of their undertaking. They are entitled to the heartiest thanks of every citizen of the county.

We shall endeavor next week to give a list of the subscriptions made by the various towns and communities of the county that our people may "give honor where honor is due."

Schools Helped.

The following Medina county rural schools have received aid from the State Department of Education in the following amounts:

Natalia	\$500.00
Biry	500.00
Verdina	500.00
Bear Creek	200.00
or a total of \$1,700.00 for four of our school. This is quite an enviable record and should prove gratifying to our school authorities. Superintendent Saathoff is in a measure responsible for this aid. His first request for aid was treated rather coolly, but when the inspector came and the schools visited and the excellent work they were doing recognized there was but little effort required to secure the aid.

Mrs. Leah Redus.

Mrs. Leah Redus, who up to some three years ago was a resident of Hondo, died at the home of her daughter, Mrs. Frank Rew, in Kingsville last Saturday and was buried in the cemetery of that place the following day.

Mrs. Redus was among the pioneer settlers of this county, long making her home about ten miles south of Hondo, near the Redus school house, the land for which, if we mistake not, was donated by her and her husband, the late James Redus, for school purposes many years ago.

About 1887 her husband, James Redus, died and was buried in the Black Creek cemetery. After his death Mrs. Redus continued her residence at the old homestead for several years before disposing of her farm and moving to Hondo, where she resided up to some three years ago when infirmities incident to advancing years, necessitated her going to Kingsville and making her home with her daughter.

Decedent was the mother of seven children, five daughters and two sons. Two of her daughters, Mrs. A. H. D. Hurt and Mrs. Shanks preceded her to the grave, the latter dying in New Mexico. Her other daughters are: Mrs. Davis of Dilley, Mrs. Fowler of Corpus Christi, and Mrs. Rew of Kingsville; her two sons are Jas. Redus of the Lower Hondo, this county, and George Redus of Dilley. She is also survived by a large number of grandchildren, Mr. J. B. Hurt, manager of the Hondo Telephone Exchange, being among the number.

For more than half a century she had been a member of the Methodist Church and lived a consistent christian life, having an abiding faith in immortal life beyond the grave. News of her death will cause a sigh of regret to many friends of other days, for she was greatly esteemed by all who knew her. Now that she has laid down the burden of life after a long pilgrimage on earth may she sleep well.

Her relatives here have the sympathy of a large number of friends in their bereavement.

News or business matter for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Wednesday of each week.

Quite a number of our young folks, patronized by Mr. and Mrs. Adolph, attended a dance at Riomedina Friday night. The party consisted of Misses Adella Keller, Olga and Hattie Drouillard, Bertha and Philippina Drouillard, Martha Kempf, Francis Burrell, Frey, Hulda Haby, Clara Lutz, Wernette, Clara Jungman and Biediger, and Messrs. Harry and Gabe Hans, Wm. and Robt. Olson, Oscar Karm, Joe Maurer, Joe Sam Tschirhart, Oscar Drouillard, James FitzSimon and Ervin. We presume they must have had an enjoyable time for they did not leave their way homeward until the early hours.

A soaking rain, preceded by some fog, fell here Monday morning. The precipitation was one inch. The fog came down on a boom. This was one of the best rains of the season and it will greatly benefit crops and gardens. We learn that out at the Edgar ranch hail stones were big enough to do damage to roofs.

News reached here Sunday of the death of Mrs. Kate E. Hynes of San Antonio. Deceased was well known here, having resided in this vicinity for many years. She counted her friends as those who all join us in sympathy to the bereaved and grief-stricken R. I. P.

Called Her Family TO HER BEDSIDE

Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Roys City, Tex.—Mrs. Mary Kib, of this place, says: "After the death of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I grew worse and worse until the misery was unbearable... I was in bed for two months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

"Who Will Win This Battle?"

Your kidneys are the filters of the body. If they become inactive and fail to eliminate the waste matter, they are apt to throw the whole mechanism of the body out of order, thus toxic poisons can accumulate in the system and be as deadly as snake venom.

Besides causing the minor ailments of rheumatism, sciatica, lumbago and backache, neglect of the kidneys is apt to develop into more serious diseases, such as diabetes or stone in the bladder.

Rid the body of toxic poisons—clean the bladder and kidneys and cure the twinges of rheumatism with Anuric and you win the battle of life.

Anuric was first discovered by Dr. Pierce, and has benefited thousands of sufferers as well as appeared and eliminated the ravages of the more serious kidney disease. Now procurable for 60 cents at any good drug store, or send Dr. V. M. Pierce, Buffalo, N. Y., 10 cents for trial package.

CASTROVILLE, TEXAS.—I wish to state to those who may have rheumatism that I am 45 years old and have had rheumatism most all my life. In opening my office as a peace officer of this state in the winter of 1910, I was exposed to some very bad weather, which brought on a very severe attack. In fact, it was so bad that I could not ride horseback, and I was compelled to abandon my duties for a while. I then began a search for a permanent cure, which I did not find until I learned of Doctor Pierce's Anuric Tablets. I began taking them about 10 months ago and am satisfied that I am cured.

"I wish to say in conclusion that I cannot be loud enough in my praise of Dr. Pierce's Anuric."—T. J. ALLEN.

Cliff Happenings.

A very pleasant affair took place in this community Friday evening, April 26th, the day set aside by President Wilson as "Liberty Day." The teachers and children started the ball rolling by rendering a number of highly patriotic selections of songs and speeches, followed by an able address by our esteemed district attorney, Hon. L. J. Brucks. Judge R. H. Burney, our greatly admired district judge, followed Mr. Brucks in a ringing speech that aroused great enthusiasm and was frequently interrupted by rounds of applause from the big crowd which taxed the capacity of the school house. Among other prominent men present were County Judge Noonan, County Demonstrator Tom Lee and Captain Louis Burrell. This community feels honored by the visit of these gentlemen, and we hope that enough patriotic sentiment was aroused in the hearts of our people to impel them to exert themselves to the limit in supporting their government by subscribing to this Third Liberty Loan Bond issue, thus providing the government with the means to carry the present great war to victory.

A fine rain amounting to one and three quarters inches fell in this vicinity Monday morning, April 29th.

Road to Happiness.

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

Wife—Percy, if a man were to sit on your hat, what would you say?

Husband—I should call him a confounded silly ass.

Wife—Then don't sit on it any longer, there's a dear.—Tit-Bits.

Best Remedy for Whooping Cough.

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup.

There are times when you must slacken your purse strings if you don't want to be a slacker.

Get Rid of Your Rheumatism.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment a great help. The relief which it affords is alone worth many times its cost.

FOOD WILL WIN THE WAR

WOMEN OF AMERICA MUST HELP WIN WAR

"Why should we American women be shielded and kept from doing the work that French and English women have done?" This is the question being asked by Miss Grace Parker, who was sent to Europe to investigate woman's war work on the other side of the Atlantic. Miss Parker points out that one million English women are making ammunition, that several hundreds of thousands are working on the farm, that they are performing every kind of labor needed to build a battle ship; that ten thousand are working in France behind the firing line; that twelve thousand are acting as motor drivers; that within ten days of the declaration of war sixty thousand nurses were enlisted.

At her meeting in Dallas recently Miss Parker's question was applauded vehemently. This was to be expected of Southern womanhood.

There is a work into which the woman of the Southwest can throw all those energies which they would gladly extend in more arduous and dangerous tasks. They can secure for the Government a huge over-subscription to the Liberty Loan. This will send food and ammunition to our soldiers and to our Allies. Will build ships, help to crush Germany and so achieve the object of every true American woman. Do the duty that arises clearly defined before you, and the same credit will be due as to the over-all, dirt-stained sister on the other side. In the army of Democracy some must go "over the top"—some must engage in the prosaic work of mule driving—some making ammunition—others again must provide the money. All are necessary. Do your part and you will share equally in that glorious triumph which must one day be ours. Women of the Southwest, we look to our men to subscribe the Liberty Loan quota. We look to you to double it.

Proper Food for Weak Stomachs

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

WHAT THE RED CROSS IS DOING AND WHAT YOU CAN DO

CANTEEN SERVICE

While the canteen service is being developed in this country, we are not forgetting the comfort of our boys across the sea. This interesting description of the canteen work abroad has just been received.

The War Council of the American Red Cross announces the receipt of the following cable from Paris Headquarters, under date of March 3:

At the request of the United States army, the American Red Cross has just arranged to install, with all American troops now engaged in actually fighting the Germans, a special front-line service. This is a development of the front-line canteens through which the American Red Cross has, during the past six months, served more than 1,000,000 French soldiers with hot drinks and above all else given a trenchy boost right up in or near the trenches themselves.

Today the Red Cross has 15 rolling canteens behind the lines. From these canteens are sent forward daily, often in the small hours of the night, 50 or more large receptacles containing hot drinks. These are served free to the men going on or just coming off duty. The work has proved itself to be of such value to the French that the American army has asked the Red Cross to have this service directly in touch with the medical relief stations nearest the front. The work is often done under heavy shell fire and requires men of great bravery and sympathy. Eugene Hale, brother of Senator Hale, who has just finished six months without vacation with a rolling canteen near Verdun, in which he served thousands of French troops and gained great commendation from French generals who noticed the character of his work, said on returning to Paris just before leaving for America: "While the men are glad to have hot drinks, their chief satisfaction consists in the sense this service gives them of a friend being there to extend a helping hand and a cheering word at a critical or a tired hour."

American army officers are manifesting keen interest in having the service at the disposal of the American troops. The Red Cross plans to enlist in France and in America a substantial number of men of the highest caliber to undertake this wonderful service. It will be performed at the point nearest to the fighting line at which civilians will be permitted to come in any contact with the men.

During April, 1917, potatoes were selling at 5 and 6 cents a pound. Today they are 1½ and 2 cents a pound. One potato will replace a slice of bread for the Allies.—Peden.

The Kaiser has issued a medal commemorating the day that potatoes were brought from America to Germany. In Texas today 2,000,000 pounds of A-1 potatoes are rotting, while Belgians starve.—Peden.

Our wheat supply is short; our supply of potatoes is abundant. Decrease your consumption of wheat by increasing your use of potatoes. There is no limit on the amount of potatoes that may be used, while every person is asked to limit his use of wheat to one and one-half pounds a week.—Peden.

WOMEN'S WOES

Hondo Women Are Finding Relief

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people in this locality.

Mrs. T. E. Gourley, 124 Drexel Ave., San Antonio, Texas, says: "The first kidney trouble I had was an ache in the small of my back. Every morning when I got up, I felt tired, for the night's rest didn't seem to benefit me at all. I had occasional headaches, too. Doan's Kidney Pills certainly gave me quick relief and I soon felt well again. I usually have a box of Doan's Kidney Pills in the house and whenever I have needed them, I have had fine relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gourley had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

When the baby takes too much food the stomach turns; the result is indigestion, sourness and vomiting. Frequently the bowels are involved and there is colic pains and diarrhoea. McGEE'S BABY ELIXIR is a grand corrective remedy for the stomach and bowel disorders of babies. It is pure, wholesome and pleasant to take. Price 25c and 50c per bottle. Sold by W. H. Windrow.

Men and Watches.

Special talent often makes fine spurts ahead and genius sometimes soars grandly, but it is the steady-going sort of worker who gets the most done in the end, and is the most reliable. It is with men as it is with their watches—the most reliable and serviceable are the ones steadily at work, a writer on the Canadian Herald observes. There is a Pennsylvania railroad engineer who has retired on a pension after 48 years of service. "I have carried one watch for more than 26 years," he says, "and it always kept the right time. A good engineer must have a good watch; it does the most important part of his work." It is said of this engineer that he has been an exceptionally sober, orderly, steady-going man, whose health has always been good and his record always clean. But doesn't this go without saying, when we know that his watch always kept the right time?

Barbed wire cuts, ragged wounds, collar and harness galls heal up quickly when BALLARD'S SNOW LINIMENT is applied. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

Of course, it is different now, but a year ago when you began talking to a married man about liberty bonds he thought you were kidding him.

Drives Out Malaria, Builds Up System

SOLD HIS HOME AND SPENT HIS MONEY IN SEARCH OF HEALTH.

"Two Bottles of Tanlac Did Me More
Good Than Everything Else,"
He Says.

"After I had spent every cent realized from the sale of my home, and several hundred dollars besides, in trying to recover my health, two bottles of Tanlac did me more good than everything else put together, which certainly was a wonder to me," was the statement made recently by Rob. A. Land, a motorman on the El Paso Electric line, who lives at 1313 San Antonio street, El Paso, Texas.

"My health gave way five years ago," he continued, "and I began to go down hill so fast that for four years I wasn't able to do a lick of work. My stomach was in such an awful fix I had to force down what little I ate and nothing gave me any nourishment. Even the raw eggs and milk I lived on soured on my stomach and I would be almost choked with gas and my heart acted so strangely I was afraid something was wrong with it. I have been a railroad man ever since I was able to work and was used to exposure to all kinds of weather, but I was so full of malaria and my system had been weakened so by five spells of pneumonia during the last four years, that if I got wet in a shower the least bit it laid me up several days with a cold."

"Well, sir, it was the greatest surprise I ever had the way Tanlac took hold and began to straighten me out right from the start. I kept on improving every day till now I have such an appetite I am ashamed to eat enough to satisfy my hunger and I can enjoy my meals for the first time in years. Nothing hurts me any more. I sleep like a log and get up in the mornings ready for my job. I work ten hours a day without getting tired like I did before and am stronger and more vigorous and have gained in weight. Why, I have been soaked to the skin several times during the past two weeks and it didn't hurt me in the least. I intend to keep up the treatment some time longer and I am so grateful for what Tanlac is doing for me that I want everybody to know it."

Tanlac is sold in Hondo by W. H. Windrow, in Devine by Lion Drug Store, in D'Hanis by Louis Carle, in LaCoste by Dickey Drug Co., and in Dunlay by Louis A. Haby.

"Mother, I believe Mamie is a pro-German. She's got 25c and won't buy a war stamp." These are the actual words of a five-year-old E.H.s county child. The man who has not subscribed to the Liberty Loan, or has not purchased his full quota, should realize that his action is subject to the criticism of even the children.

In the whole field of medicine there is not a healing remedy that will repair damage to the flesh more quickly than BALLARD'S SNOW LINIMENT. In cuts, wounds, sprains, burns, scalds and rheumatism, its healing and penetrating power is extraordinary. Price 25c, 50c and 1.00 per bottle. Sold by W. H. Windrow.

Read this letter from Otto Meissner of Copperas Cove, Texas, a town of six hundred people: "I am a farmer. I called a meeting at the public house, put up the posters, explaining the facts. After the meeting I said, 'I am ready to sell Liberty Bonds' and sold a few. Next day I started my campaign from house to house. In three days I had my quota sold. I worked my territory with pleasure." Unused to selling, or business pursuits, this man "got busy" in the hour of his Country's need. This is the spirit that will "put over" the Third Liberty Loan.

Sallow complexion is due to a torpid liver. HERBINE purifies and strengthens the liver and bowels and restores the rosy bloom of health to the cheek. Price 50c. Sold by W. H. Windrow.

At a Liberty Loan meeting held in a Louisiana parish the speaker drew such a vivid picture of the duty we owe to our boys in France and pleaded so earnestly for economy and sacrifice that a prominent citizen of the community drew off his \$500 diamond ring, handed it to the speaker, saying, "It would turn my fingers now. Sell it and invest the money in Liberty Bonds."

Dizziness, vertigo, (blind staggers) sallow complexion, flatulence are symptoms of a torpid liver. No one can feel well while the liver is inactive. HERBINE is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Price 50c. Sold by W. H. Windrow.

THE SPIRIT OF '76

Some day—some where in America—some great architect or artist is going to turn the product of his genius into a monument, the keynote of which will be the unmarred simplicity of the Grecians; and somewhere on the facade or column of that lovely pile of marble and granite, bronze and silver will be the inscription:

"Erected to the Eternal Memory of the Dollar a Year Men."

History will rush forward; strides forward in Democracy will in a measure assuage the wounds and agony of lost eyes, arms, legs and a new America will proclaim itself. But one thing remains certain—the acts of heroism of the battlefield will be recorded with parallel honor to the patient, steadfast grind of service back of the lines, and the men who shall stand forth as typical of the American spirit of the early twentieth century will be:

"The Dollar a Year Men."

The Federal Food Administration for Texas is filled with splendid men who are of the dollar a year stamp. Big, steadfast, fearless, patient, enduring men. They came to Houston April 27 and 28 to mingle with each other and to know each other and to enlarge their horizons and their vision of what America asks of them back of the lines.

THREE TELEGRAMS

One from the Governor; the other from General Pershing, and the third from Administrator Peden; all conveying the word of success on the Texas Plan of 45 Days without wheat.

1.

(Telegram.)

Governor's Mansion, Austin. Administrator Peden, Houston.

"It is a real pleasure to congratulate you and your worthy associates for the wonderful success crowning your efforts in teaching Texas to achieve the maximum efficiency in conserving its great food store house for the use of those who are making our rights and liberties secure."

"Please be assured that you have the co-operation of every patriotic Texan. Cordially yours, W. P. Hobby."

Governor of the State of Texas.

2.

(Telegram.)

American Expedition, France. Administrator Peden, Houston.

"I assure you the American Expeditionary forces appreciate the sacrifice made by your great State toward winning the war. The United States will win through sacrifice of men, money and comforts, and the troops already here will have the opportunity through the army publication 'Stars and Stripes' to know part of what the largest State in the Union is doing."

3.

(Telegram.)

Houston, Tex., April 28, 1918. Herbert Hoover, U. S. Food Administrator, Washington.

"Three hundred and twenty-five federal district and county food administrators of Texas, in conference assembled, pledge you their unswerving devotion, their steadfast service for God and country to the end that our bread may sustain our gallant troops and our glorious allies. We are enlisted for the period of the war. General Pershing's telegram greatly stimulates our enthusiastic determination to organize five million Texans into an effective line of defense."

"E. A. Peden, Federal Food Administrator for Texas."

OUR BOYS "OVER THERE" ENJOY TOASTED CIGARETTES

Through the patriotism of the citizens of this country thousands of smoke kits are being distributed to American soldiers in France. Authorities agree that men in the trenches need cigarettes almost as much as food and munitions.

Doctors, nurses, and commanding officers all join in the demand which has awakened in this country a great movement to keep our boys supplied with smokes.

Millions of the famous LUCKY STRIKE Cigarettes are "going over" all the time. There's something about the idea of the toasted cigarette that appeals to the men who spend their time in cold, wet trenches and billets.

Then, too, the real Kentucky Burley tobacco of the LUCKY STRIKE cigarette gives them the solid satisfaction of a pipe, with a lot less trouble.

GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quart of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

Wherever we may decide to make our future home we wish to assure you, one and all, that the consideration shown us during our residence here will long linger a pleasant memory.

Very truly yours, SLATER BROS.

KNIGHTHOOD IS IN FLOUR AGAIN TODAY

From April 15 to June 1, 1918, Texas is WHEATLESS. Victory Bread may be had of the bakers, but the public eating places go without, and the homes go without.

The giving up of WHEAT FLOUR was not mandatory. Administrator Peden did not communicate the knowledge to Washington until he had sounded well public thought. Everywhere the question was put came the answer:

"We can do without. We want to do without wheat to aid our country."

Which illustrates: KNIGHTHOOD IS IN FLOUR.

Nor is the going without wheat bread a hardship. Wheat bread is much of a luxury. It has never possessed the wealth of food values as did the dark bread of the simple people of olden times; and its popularity grew as the popularity of silk and fine raiment, because it represents power and prestige.

Richard Cour d'Leon knew no such luxury as white bread; nor Robin Hood; nor did the Fair Elaine of King Arthur's time eat of "luxury bread" as did thoughtless Americans, while the soldiers of France went on a reduced bread ration and the children and the aged were given but morsels to sustain them.

In giving up wheat flour, the State of Texas illustrates well that valor and chivalry were latent, and there need but be the suggestion, when the blood of proud men and proud women would again stir with the magic of service:

Knighthood is in Flour. Wiring Herbert Hoover of the action of Texas in adopting a wheatless program for 45 days, Administrator Peden said:

"Based upon unsolicited voluntary resolutions unanimously passed in numerous counties and at various meetings assurances received from wholesale and retail grocers, I feel safe in assuring you that the Great State of Texas, effective April 15, goes on a wheatless basis until June 1, and longer if necessary. Please consider this as Texas' contribution toward helping to win the war, and winning it speedily. Retail stocks on hand will be carefully conserved for babies, young children and invalids during the abstinence period. Please cable General Pershing, whom I knew well in Texas, of Texas' action in giving up flour for the American soldiers."

Which also illustrates that KNIGHTHOOD IS AGAIN IN FLOUR. For every two pounds of wheat flour a baker uses in making bread, under the rules and regulations of the United States food administration, he must use one pound of substitutes. Food Administrator Peden has had it brought constantly to his attention since April 15, when the amendment to the bakers' regulations called for an increase of 5 per cent in the use of substitutes, that bakers have acted upon the assumption that this meant 25 per cent of substitutes to 75 per cent of wheat flour.

The correct interpretation of the ruling on substitutes is 25 pounds of wheat substitutes with 75 pounds of wheat flour, and if a percentage is thought of at all it is 33 1/3 per cent and not 25 per cent.

CASH PRIZES FOR WAR LOAF OFFERED

In order to enable as many hotels, restaurants, clubs and dining car services as possible to go upon an absolutely wheatless basis, and to insure that those which have already taken the "no wheat" pledge may carry it out with the least possible hardship, John Mc E Bowman, who is a practical hotel man now associated with the United States Food Administration, has offered prizes totaling \$1,000 for the best wheatless and riceless sandwich bread that can be produced by a hotel or restaurant baker.

Five hundred dollars is offered for the loaf that is adjudged the whitest, the most palatable and the best looking and which can be produced at a moderate price. A second prize of \$300, a third of \$150 and a fourth of \$50 will also be given. Neither wheat nor rice in any form may be used.

The competition will be open only to hotel and restaurant bakers. Each contestant must produce a certificate from the proprietor or manager of his hotel or restaurant guaranteeing that the contestant is an American citizen; is a hotel or restaurant baker in good standing and is not employed in an outside bakeshop; has worked in his present position for at least six months preceding the date of the contest; and has originated and has baked the bread entered by him in the contest.

Each contestant must originate and bake one 16-ounce loaf of sandwich bread. This must be so packed as to reach Washington in the best possible condition. It should be sent parcel post and under a special delivery stamp. The bread should be accompanied by two typewritten copies of the recipe, in which every step should be briefly but accurately described, and the general appearance of the finished product noted. All bread and recipes entered must reach the hotel, restaurant, dining car and steamship division of the food administration not later than May 15.

For the information of possible contestants whose bread will have to make a long journey, it is especially stated that the loaf alone will not be the sole basis of award. The recipe accompanying it must pass a thorough test.

HANDSOME WATCH GIVEN E. A. PEDEN

Gift of the County and District Food Administrators for Texas.

Amid cheers Administrator Peden of the Federal Food Administration for Texas was presented at noon Sunday with a handsome gold watch, Howard make, with the following inscription, by the county and district food administrators for Texas:

To Our Chief E. A. Peden Texas Food (Seal) Administrators April 28, 1918

The event was the final session of the 325 district and county food administrators in Houston, and came in the wake of a presentation speech by B. F. Johnson, district administrator for Wichita Falls, who said:

"I have here, Mr. Administrator, a machine invented after such a manner that it will not run but by the power of loyalty, love and enthusiasm, just in the measure that the men and women gathered here can furnish it. Because these men and women can and do so unreservedly contribute this power the inventor of this watch turned it over to us to use as we would; and we give it as a testimonial of our affection and regard for you. We pledge ourselves to 100 per cent efficiency."

The administrators passed a special resolution thanking the press of Texas for its magnificent support of the administration and making possible its success as a war activity; they also unanimously adopted a resolution thanking the Houston Post, the Houston Chronicle and the Galveston News for their splendid presentation of the happenings of the State meeting as they occurred.

Sunday afternoon the administrators took part in the patriotic program at the municipal auditorium; while between times they visited State headquarters, visited with members of the headquarters staff and got pointers.

COTTONSEED MEN OF TEXAS TO MEET FEDERAL EXPERTS

In order to afford Hugh Humphreys and George H. Denny of the cotton seed products division of the United States Food Administration to make a first-hand survey of the needs and the operation of the cotton seed industry in Texas, Administrator Peden has called a meeting of all persons and firms engaged in this industry, from the farmer to the miller, to confer in Dallas, May 3, at 10 o'clock, in the Adolphus hotel. C. W. Gibson, secretary of the Cotton Seed Crushers' Association of Texas, has been requested by Mr. Peden to issue invitations to all members of the association, and all non-members who are engaged in milling and distribution; while invitations are extended to the producer and the ginners through their respective organizations. Governor Hobby has been asked to make the opening address.

Among the special agents of the conference will be Governor Hobby of Texas; F. C. Wehnert, director of markets and warehouses for Texas; Fred W. Davis, commissioner of agriculture; Fritz Englehard, president, and M. Falkner, secretary of the Texas Farmers' Congress; D. A. Lyday, president of the Texas Farmers' Union; E. W. Cole of the state bureau of markets; T. F. Justiss, president, and S. S. Frazer, secretary, Texas Cotton Ginners' Association; and Prof. T. O. Walton, Agricultural and Mechanical College, College Station.

SNAPPY THOUGHTS

From Liberty Loan Speeches.

"Gentlemen, I never made a speech in my life and 'aint goin' to now, all I say is—we're in it—let's win it."

"Don't say you got no money. If you 'aint got none, go borrow some."

"We are going to try William Hohenzollern for murder in this Church next Wednesday. You are summoned on the jury and there will be a heavy penalty if you do not attend."

"A Chinaman went to one of our banks last week and said, 'Me buy Libly Bond.' 'What you want to buy one for, John,' said the Cashier, just to make conversation. 'Why no buy?' said John."

"There is only one reason why every man in America should buy Liberty Bonds—should go in rags to do it—should starve himself, if necessary to do it. And that is because it is the right thing to do. What is the difference whether Liberty Bonds pay four and one-quarter per cent interest or no interest at all? It is the duty of every American to buy them."

"Defeat would mean ruin to the farmer; it would mean taxation to a point which would mean slavery to Germany masters."

"The war is a 'Family Affair.' The boys who are fighting for us have earned the affection and protection that is due to a son. They have earned the right to the title of 'Our Boys.'"

ARE YOU FOR AMERICA OR FOR GERMANY?

Which Will YOU Wear?

The Kaiser would gladly confer the Iron Cross on the man who dodges buying a bond of the THIRD LIBERTY LOAN

UNCLE SAM proudly gives this Button to the man who buys a THIRD LIBERTY LOAN BOND

You think this an unnecessary question, but stop and think! A traitor is a man who gives aid and comfort to the enemy. Do you know of any better way of giving aid and comfort to the enemy than to leave your money in the bank doing nothing, when it could be used by the Government to build ships, make ammunition, and so help win the war? The Kaiser would ask nothing more of an American friendly towards Germany. He could hardly ask him to openly fight the Government of this country, because he would go straight into an internment camp, but he would ask him to do all in his power to hold up contribution of money to the allied cause, because the Kaiser knows that at the very end it will be money and resources, and nothing but money and resources, that will beat him to his knees.

You may say "If I do not subscribe to the Loan that is no reason why other people should not, therefore the matter is entirely a personal one." It is not. Example is everything in such matters. If you subscribe freely your neighbors will subscribe freely. If you are a tightwad your neighbors will see no reason why they should be anything else but tightwads.

Do not feel offended at having this matter put up to you so plainly. There is many and many a good American who believes that he has done his full duty when he has not done it at all. This war is now three thousand miles away, and it is a little hard to realize all the grave necessities of the situation.

Read over a perfectly true incident which occurred only last week at the Union Station, Dallas. The writer of these lines vouches for the truth of the story, which follows:

"Last night I saw a soldier taking leave of his mother at a railroad station. The two drew away from the crowd, the woman threw her arms around the boy's neck, and looked up at him as she sobbed words which will remain forever sacred to the occasion.

For a moment I could not see very clearly, and as a consequence I bumped into a friend of mine, a man, by the way, who has made more money this year than ever before in his life. After a friendly greeting he said, 'Say, you fellows are hitting us up pretty hard on this Liberty Loan business. Do you realize that we are having to make some terrible sacrifices to meet our quota?'

"My friend has a business, owns farm land, and has a substantial bank balance; he has no boy in the army, and he has subscribed ten thousand dollars to the Liberty Loan. His sacrifice consisted of the loss of about one and three-quarters per cent on ten thousand dollars, for probably he would have secured six per cent instead of four and one-quarter per cent had he invested his money in some way other than the purchase of Liberty Bonds.

"What is the matter with my friend? Is he a pro-German or a traitor, or a poor American even? Not a bit of it! He just has not the right glasses for his mental vision. He doesn't see things quite right. That's all. He will, though—I am sure of it."

General Haig said to his men, just before the last great German offensive: "I call upon every man to conduct himself as though the result of the battle depended upon his personal efforts alone."

No deeper or more significant message was ever delivered to men entering a life and death struggle. This was the philosophy of the Soldier—it must be the philosophy of the Civilian. It is impossible to over-emphasize the very real and deep personal responsibility of every man and woman in the great National crisis. Every American faces a lifetime of satisfaction or regret for the part that he plays in this war. Experts in figures assure us that the average American is called upon to set aside about one-fifth of his income for the use of the Government, the money to be handed over to the Government in the form of taxation or the purchase of Liberty Bonds. It is not only one-fifth of your neighbor's income, but your's, that is called for. Have you done your share?

TO ALL WHO EAT

SEVEN RECIPES FOR
BREAD OF WHEAT
SUBSTITUTES TO RE-
PLACE "LUXURY
BREAD."

By Using These Recipes
Texans Will Aid in Mak-
ing Wheatless Period of
45 Days a Success.

In adopting a wheatless program for Texas from April 15, 1918, to June 1, 1918—and longer if there be a need—the Federal Food Administrator sought out a period of the year in which corn-meal and corn-flour is abundant; as well as numerous other substitutes, which may replace wheat flour. Naturally, the elimination of wheat flour has awakened a keen interest on the part of hotels, restaurants and public eating places, as well as the homes, to secure recipes for making bread of substitutes which are as good, if not better, than "luxury bread."

Miss Lou Stallman, director of Home Economics for the Federal Food Administration for Texas, has prepared seven excellent recipes for wheatless bread. All the recipes have been carefully worked out and tested and are offered to the public of Texas with the approval of Federal Food Administrator Peden:

Corn Flour Biscuit.

1 cup liquid
2 1/2 cups corn flour
3 tablespoons fat
5 teaspoons baking powder
1 teaspoon salt
Appearance, good
Texture, very dry and close, although not heavy
Color, white
Flavor, slight corn flavor.
Comment, most nearly the appearance of wheat biscuit of any of the substitutes used.

Cornmeal Hoe Cakes.

5 cups cornmeal (sifted with water)
1 tablespoon oil
1 egg
2 teaspoons baking powder (level)
Add enough milk to make the mixture thinner than ordinary cake batter. Bake three at a time on a hot griddle as griddle cakes. Small ones are best, as there is less waste on each plate after serving. Boiled rice may be substituted for part of the cornmeal.

BOSTON BROWN BREAD.

1/2 cup oat flour
1 cup cornmeal
1/2 cup rice flour
1 cup cold water
3 tablespoons soda
1 teaspoon salt
1/2 cup molasses
2 cups sour milk
Sift dry ingredients, add molasses and milk (mix together). Put in oiled baking powder cans and steam 3 1/2 hours. Small cans less time. Covers must be tied and well tied on. Do not put cans over 2 1/2 full.

CORNMEAL STICKS.

1 pint boiling water and milk
1 pint cornmeal
1 egg
2 tablespoons liquid fat
Stir meal into boiling liquid to make stiff mush. Add seasoning, cool and mold into finger rolls. Bake in hot oven until crisp and brown, about 45 minutes. May be patted into small cakes and when baked served with lamb stew in place of dumplings.

CORN MUFFINS, OR BREAD WITH- OUT WHEAT.

1 cup cornmeal
1 tablespoon fat, acid;
1 egg
2 teaspoons salt
2 teaspoons baking powder.
Milk to make consistency of batter cake. Bake in muffin tins (serves 8). Boiled rice may be substituted for part of the meal.

RICE FLOUR WAFFLES.

2 cups milk
1 egg (beaten)
1/2 teaspoon salt
Rice flour to make batter
4 teaspoons shortening
4 teaspoons baking powder.
(Use a little more oil on waffle iron than when baking wheat waffles.) Use same mixture and bake as muffins. Delicious.

INDIAN PUDDING.

5 cups scalded milk
1 cup cornmeal
1 teaspoon ginger
1/2 cup molasses
1 teaspoon salt.

Note—Pour scalded milk slowly on meal. Cook in double boiler 20 minutes; add other ingredients, pour into oiled baking dish. Bake two hours in slow oven. If baked too rapidly it will not whey. Serve with cream.
Note—Vary all cornmeal dishes by small amount boiled rice. Excellent flavor and texture. Rice paste may be made 100 per cent rice flour. Make same as wheat pastry. However, any pastry calls for a high percentage of fat, which is needless use of fat. The making of pies and cakes is to be discouraged, as these products are usually used as a superfluous addition to the diet. Fruits make a more healthful dessert.

"It should not be a hardship for the people of Texas to go without wheat-bread; YOU have so much to replace wheat, and WE in FRANCE have not. And then—

"I SPEAK FOR FRANCE. Lieutenant Perrigord, he is nothing. My country is grateful to you—she is more than grateful to you. There is no recording of what France has endured during these years of war, and yet she remains steadfast. You will not permit my France to starve."

Lieutenant Perrigord,
Special Representative of the
French Republic.

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati authority tells how to dry
up a corn or callus so it lifts
off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freezezone cost very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

A Business Should be as Big as Its Job

If bigness is of benefit to the public it should be commended.

The size of a business depends upon the needs which that business is called upon to serve. A business should be as big as its job. You do not drive taxis with a pile-driver—or piles with a tack-hammer.

Swift & Company's growth has been the natural and inevitable result of national and international needs.

Large-scale production and distribution are necessary to convert the live stock of the West into meat and by-products, and to distribute them over long distances to the consuming centers of the East and abroad.

Only an organization like that of Swift & Company, with its many packing plants, hundreds of distributing houses, and thousands of refrigerator cars, would have been able to handle the varying seasonal supplies of live stock and meet the present war emergency by supplying, without interruption:

First—The U. S. soldiers and the Allies in Europe by shipping as much as 800 car-loads of meat products in a single week!

Second—The cantonments in the United States.

Third—The retailers upon whom the American public depends for its daily supply of meat.

But many people ask—Do producers and consumers pay too much for the complex service rendered?

Everyone, we believe, concedes the efficiency of the Swift & Company organization—in performing a big job in a big way at a minimum of expense.

Swift & Company's total profit in 1917 was less than 4 cents on each dollar of sales of meat and by-products. Elimination of this profit would have had practically no effect on live stock and meat prices.

Do you believe that this service can be rendered for less by any other conceivable method of organization or operation?

These questions and others are answered fully and frankly in the Swift & Company 1918 Year Book sent free on request.
